## To the Trade.

DEAR SIR:

In presenting our annual **General Wholesale Price List of Garden, Field and Flower Seeds** and other requisites of the seed trade, we wish to express to our customers our sincere appreciation of their kind and continued patronage and also to give a hearty New Years greeting to our patrons, new and old.

We feel a just pride in the success of our efforts as evidenced by our largely increased business, and that in doing our best to obtain the **Highest Quality of Seeds** which skill can produce or money purchase, we have pleased and satisfied our trade.

Every year we are adding to our facilities for **perfect testing** and otherwise handling our seeds whenever possible, and we are in a better position to supply **seeds best adapted to our Western soils and climate**, than houses remotely situated and with no experience with conditions which exist with us.

Our motto still is:

### *Western Seeds for Western Planters*

**Few Seeds are Grown North**, and these are furnished by all houses alike.

Wherever conditions obtain which are **best for their perfect development and growth**, there they are grown.

We carry a **Complete Stock** of everything in our line and can fill all orders, large or small, promptly at any time, at prices as low as from any other reliable Seed house, freights considered.

We are **growers** as well as dealers in Garden Seeds and carry a large stock of same best adapted to Western States.

Orders **always filled promptly at Lowest Market Prices.**

We **import** a fine and complete stock of Flower Seeds and bulbs of superior quality—see list. Price list on application.

We call special attention to our large list of Tree Seeds. All fresh and Genuine. Largest and most complete stock in the United States. Special price on job lots.

**Our Railway Facilities and Freight Rates:** We can ship on U. P., A. T. & S. F. or C. R. I. & P. Railroads; to any point west, rates are same as from Kansas City, Mo., and to a good many points, less than from Kansas City.

### *F. Barteldes & Co.,*

*Lawrence, Kas., Jan. 1, 1906.*

---

**Please Take Notice.** We have Branch Houses at Denver, Colo., and at Oklahoma City, Okla. If it be more convenient on account of quicker service or lower freight rates to trade with either one we can assure you equally fair treatment. Write to **Barteldes & Co., Denver, Colo.,** or to **Barteldes & Co., Oklahoma City, Okla.**

# Wholesale Price List.

**Our Terms:** The seeds we offer are tested under our personal supervision before shipment, and every care is taken that none but reliable, fresh and genuine goods are sent out.

**We send out no Seeds on Commission.** *Seeds of the best quality often fail through various causes, improper planting or weather conditions, therefore F. Barteldes & Co. give no warranty, expressed or implied as to description, quality, productiveness or any other matter, of any seeds, bulbs or plants we send out, and we will not in any way be responsible for the crop.* If the purchaser does not accept the goods on these terms, they are at once to be returned.

*All Grass, Field and Tree Seeds, Potatoes and Onion Sets we will sell for cash only, no discounts.* Bills for Garden Seed, amounting to \$25 or more, are due June 1, irrespective of date of purchase, or a discount of 1 per cent per month will be allowed on the unexpired time when paid before maturity. Of new customers we require cash or satisfactory reference. These prices are for *not less than one-half pound or one-half bushel*, and are subject to variation without notice.

These prices do not include charges for bags, barrels, boxes and drayage, which are extra. **We sell 10 pounds or over at 100 pounds quotations.**

**PLEASE TAKE NOTICE**--That the following collections and all others of our Package Seeds are **specially put up** from our **fresh bulk seeds** and **not kept on hand until vitality is exhausted** and then sent out to disappoint the customer. Also that these packages contain **nearly double the amount of seeds** in commissioned packages.

The cases or cabinets are to stand upright on the counters and each variety is packed in a **separate pasteboard open-end box**, which displays seeds well and prevents **annoyance of mixing packages**.

# ASSORTED BOXES GARDEN SEEDS.

**T**O COUNTRY MERCHANTS whose trade will not warrant to handle bulk Garden Seeds, or who prefer to have them put up ready for sale, we can furnish seeds put up in Fine Chromo-Lithographed Papers printed with name of variety and directions for cultivation, in nice, showy cases, containing a Selected Assortment of the Standard Varieties of Vegetable Seeds for a Family Garden. These assortments comprise **only leading varieties**, instead of a lot of extras which are never called for and which only tend to confuse customers and prove a loss to the merchant. No flower seeds in either collection. We send with each box beautiful show cards and other literature, which with the established reputation of **F. Barteldes & Co's** seeds will greatly help the merchant to sell them. A live merchant will readily see the advantage of handling these seeds over the commissioned seeds, as his **profits are three times as great** and in this way he sells his customers only

**Fresh and Reliable Seeds**

and will not be having trouble with them at the close of season when harvest begins.

We have two assortments, No's 1 and 2.

No charge for boxes, which are modern design and take up less room than others and display goods better. (See Cuts below.)
